When Christ is Silent

The Canaanite woman asked Jesus to help her daughter who had a problem. At first, Christ "did not answer her a word," St. Matthew tells us. Yet Jesus' silence did not daunt her. Patiently she awaited His mercy, trusting in His love. Eventually, being greatly impressed by the Gentile woman's faith, Jesus restored her daughter to normalcy.

So what are we to think when Christ seems silent in our own suffering situations? Should we casually "wait and see"? Do we give up on God and try to soldier on alone? No, clearly the Canaanite woman's example shows us that these are the times to "grow" our faith. These "scary" silences are opportunities for us to put ourselves aside and put God back on the throne of our lives. When Christ and His Kingdom have a higher priority than our personal desires, it will be time to hear God's voice. And in those silences between, great will be our growth
